2016 WORLD WATER WEEK

Water for Sustainable Growth

Call for Registration
Roll up your sleeves, and come to Stockholm!

Our theme for the Week, Water for Sustainable Growth, will be a common denominator for all our talks. As you can see, we are planning for an exciting World Water Week this year! In these pages, you can browse the programme and start planning your Week.

Between 28 August and 2 September, Stockholm is the place to be. Register now, and welcome!

Torgny Holmgren
Executive Director
Stockholm International Water Institute

SIWI Sofa
In 2016, World Water Week will again feature the SIWI Sofa. Take the opportunity to create your own SIWI Sofa segment – in film or as a podcast.

The Sofa is a cross between a speakers’ corner and an interview studio. Experts, decision-makers and leaders will be interviewed live on a variety of water-related issues. Sofa segments will be promoted in the programme, recorded (video or podcast) and shared through various online channels during and after the Week.

The content, programme and other activities of World Water Week are subject to change. For latest information see www.worldwaterweek.com.

Registration information

Registration | Registration to the World Water Week is required for all participants - including speakers (and invited participants). The online registration is available at www.worldwaterweek.org.

For more information about accommodation and social events visit www.worldwaterweek.org.

Please note that registration for field visits and social events, accommodation and travel bookings are available upon registration. Places are allocated based on “first come – first served”. Payment is required upon registration. Registration is open to adults only.

Fees

Actions speak louder than words: Implementation roadmaps for catalysing change

- Boosting the economy with water - and keeping it clean | World Water Council
- Drivers for achieving the SDGs: Financing and innovation | Korea Water Resources Corporation and Organization for Economic Cooperation and Development
- Financing sustainable growth in the Jordan Valley (Jordan, Palestine, Israel) | EcoPeace Middle East and SWIW
- Results-based financing approaches for sanitation provision in urbanizing areas | Global Partnership on Output-Based Aid and The World Bank Group
- SEMINAR Water security in a changing world: Coping with threats | Alliance for Global Water Adaptation, Rockefeller Foundation, UNESCO International Hydrological Programme and SWIW

Under the bridges of Stockholm

Enjoy the best of Stockholm while you are here! We will travel under fifteen bridges and pass through two locks connecting the Baltic Sea with Lake Malaren. You will enjoy many of the city’s sights as we slide by the different parts of Stockholm. You will see the inner city, the Old Town, and city islands. Price: 300 SEK*

* Tickets can be booked through the registration on a first come, first serve basis.

Young professionals’ mingle
Are you under 35? Do you like to network? Start off the Week with a drink at the Young Professionals’ Mingle and take the opportunity to meet other young professionals in an informal setting!

Venue: Resturant Broken, Kungsgatan 18, Stockholm

**Boat tour**

**Underwater**

**Mingle**
Monday, 29 August

Opening plenary

The official Opening Ceremony will address this year’s theme – Water for Sustainable Growth. It will feature a number of high-level speakers who will set the scene for discussions during the Week and inspire delegates to reflect on what the theme entails - as a concept, and in practice.

Margot Wallström
Minister for Foreign Affairs, Sweden

Angel Gurría
Secretary-General, OECD

Joel Morgan
Minister for Foreign Affairs and Transport, Republic of Seychelles (tbc)

Karin Wanngård
Mayor of Stockholm

Naina Lal Kidwai
Former Group General Manager and Country Head, HSBC

Claire Reed
Chief Impact Officer and Founder, Reel Gardening

Torgny Holmgren
Executive Director, SIWI

Karin Lexén
Director, World Water Week

Professor Joan Rose
2016 Stockholm Water Prize Laureate

The City of Stockholm welcome reception

The President of the Stockholm City Council, Ms Eva-Louise Erlandsson Slorach, is pleased to hold an opening reception at the Stockholm City Hall for all World Water Week participants. Come and enjoy a Swedish themed buffet with fellow delegates in Stockholm’s beautiful City Hall, with its imposing facades and interior in National Romantic style. The event is hosted by the City of Stockholm.

The event is included in the registration fee but pre-registration is required.

Event title

Building resilience, realising opportunity, delivering water security through investment

Driving collaborative change in the textile and leather industry

High-level panel on 2030 global water architecture

Realising SDGs through sanctions, rewards, and learning from experiences

Secure water, empowered citizens: What can social accountability achieve?

Security actors in the governance of scarce water resources

WASHholic: anonymous: Confessions of failure and how to reform

Water and jobs: The UN World Water Development Report

SEMINAR Water as a driver for sustainable growth

Water solutions for resilience and sustainable growth of cities

Antimicrobial resistance: Linkages between humans, livestock and water in periurban areas

How to engage local water organisations in an integrity process?

Migration and water management: Lessons for policy and practice

Nile Basin: Land and energy investments and changing hydro-political landscapes

Opportunities of market-based programming to address humanitarian WASH needs

The missing link: Recognising women’s invisible water work

Water and disasters in 2030 agenda for sustainable development

Water and disasters: Faith based organisations contributing to the SDGs

Water and mining: Economic growth or depletion of natural resources

SEMINAR Water as a driver for sustainable growth

Convenors

CDP

Levi Strauss & Co, SIWI, Sweden Textile Water Initiative and Swedish International Development Cooperation Agency

Federal Ministry for Economic Cooperation and Development, Germany, Federal Ministry for the Environment, Nature Conservation, Building and Nuclear, Germany, Ministry of Foreign Affairs and Trade Hungary and Federal Department of Foreign Affairs Switzerland

Forum Syd, International IDEA and UNDP-SIWI Water Governance Facility

Stockholm International Peace Research Institute

### Stockholm Water Prize Ceremony and Royal Banquet

The 2016 Stockholm Water Prize, honouring Professor Joan Rose, will be presented by H.M. King Carl XVI Gustaf of Sweden in the Stockholm City Hall. Their Majesties the King and Queen of Sweden will be present at the Royal Award Ceremony and the following Banquet.

This exclusive event is by invitation but a limited amount of tickets are available for purchase. Price: SEK 3750 per person. Can be booked through the registration form. Dress code: Black tie.
Thursday, 1 September

Building a resilient future through water

In the early stages of 2030 Agenda and the Paris Agreement implementation, this session will help us to set the global scene, inspire delegates to take joint action, and ensure that water is part of the solutions moving forward. It will bring together some of the key actors within these processes, establishing a platform from which to take stock moving ahead.

Jan Eliasson
Deputy Secretary-General of the United Nations

Nonmula Mokonyane
Minister of Water and Sanitation, South Africa (tbc)

H.E. Ameenah Firdaus Gurib-Fakim
President of the Republic of Mauritius (tbc)

Dr. Catarina de Albuquerque
Executive Chair, Sanitation and Water for All

Isabella Lövin
Minister for International Development Cooperation, Sweden

Jennifer J. Sara
Director, World Bank Group

Mingle and Dance

Welcome to an informal, relaxed but important gathering for World Water Week participants. The Mingle and Dance is open for all registered participants and arranged at the magnificent theatre in the heart of Stockholm – Vasastan. Light dinner, entertainment, dance floor, bar and good atmosphere will be provided. The event is included in the registration fee but pre-registration is required.
Closing plenary

The Closing plenary will provide delegates with an overview of the highlights from the 200 sessions taking place during World Water Week. High-level speakers will look ahead and identify the stepping stones towards the 2017 World Water Week. World Water Week Rapporteurs, representatives from our Key Collaborating Partners, the Chair of World Water Week’s Scientific Programme Committee and a representative of the interregional dialogues will all share key findings and recommendations from the different events and gatherings during the week.

Kristina Persson
Minister for Strategic Development and Nordic Cooperation (tbc)

Anders Berntell
Executive Director, 2030 Water Resources Group (tbc)

Dr. Abdeladim El Hafi
High Commissioner for the COP22
High Commissioner for Water, Forestry and Fight Against Desertification, Morocco

Dhesigen Naidoo
CEO, Water Research Commission (tbc)

Anthony Cox
Deputy Director, Environment Directorate, OECD

Dr. Torkil Jønch Clausen
Chair, Scientific Programme Committee of the World Water Week

Food production for a healthy planet

How do we cooperate towards a sustainable food chain from farmer to consumer? Join us in the field to find out! Learn more both in theory and practice about an innovative business model which rewards agricultural suppliers who take measures to promote biodiversity, reduce climate impact and combat eutrophication.

Tickets can be purchased when registering to the World Water Week. Cost: 450 SEK. Transportation and refreshments included. Please note that we will be outdoors in the field. Rubber boots are recommended!

Closing the loop on biological waste - testing innovative methods

This visit will look into possible solutions to the world’s growing waste problems. To close the loop and take advantage of the nutrients in the waste, we look at a fly larvae-composting system where waste is converted into proteins. We also visit a pilot plant for testing different techniques for anaerobic digestion.

Tickets can be purchased when registering to the World Water Week. Cost: 450 SEK. Transportation and refreshments included.

Prizes and awards

Stockholm Water Prize | The world’s most prestigious water award, Stockholm Water Prize, honours women, men and organizations whose work contributes to the conservation and protection of water resources, and to the well-being of the planet and its inhabitants. All who have made extraordinary water-related achievements are eligible.

Professor Joan Rose of the USA is named the 2016 Stockholm Water Prize Laureate for her tireless contributions to global public health: in assessing risks to human health in water and creating guidelines and tools for decision-makers and communities to improve global health.

www.siwi.org/prizes/stockholmwaterprize

Stockholm Junior Water Prize | The prize gathers imaginative young minds from all over the world. The competition aims to encourage young people’s interest in water and the environment. It is open to students aged between 15 and 20 who have conducted water-related projects.

The winner is announced, and presented by the prize patron, H.R.H. Crown Princess Victoria of Sweden during World Water Week in Stockholm. This year, we celebrate the 20th jubilee of the competition.

www.siwi.org/prizes/stockholmjuniорwaterprize

“I have always been motivated by the principles of public health, how to prevent disease. A key barrier, our water infrastructure, is crumbling or non-existing in many parts of the world. The global population unserved by sewage treatment is counted in the billions.”

- Professor Joan Rose, 2016 Stockholm Water Prize Laureate

Young Professionals’ Day

Young Professionals’ Activities at World Water Week is all about inspiring, motivating and empowering young people. The Young Professionals Day is a full day of themed activities, including three dedicated seminars which will centre on inspiring and encouraging Young Professionals to build their careers in water. The day will start with taking stock of what happened in 2015 and we will discuss how to ensure that we meet to goals of the 2030 Agenda.

The day will continue to focus on how to get and stay involved in this process as a Young Professional, and be a part of the solution moving forward. During the Week we will also provide networking possibilities at the Young Professionals Mingle and the Young Professionals-booth, we will showcase innovations at the Ideas Marketplace and you will be able to visit the CV clinic. For more information on the sessions and how to register, visit our online programme and search for Young Professionals.

The Young Professionals’ Activities are organised in collaboration with Arup.
